

NOTICE TO ALL OUR CUSTOMERS

As the **COVID-19** situation evolves, West Leederville Autos wishes to let our customers know that we are open as usual, however we are taking this situation very seriously and have precautions in place to ensure potential risk is minimised.

The health and safety of our customers and staff is our top priority and as a result, until further notice, the following measures have been put in place.

Service:

- A strict no-touch policy is in place until further notice (staff and customers should refrain from any handshaking).
- All vehicles arriving into our service department have their hard surfaces disinfected, including steering wheel, door handles, gear-shifters and keys etc.
- Service Technicians disinfect their hands prior to working on your vehicle and afterwards. In addition, gloves will be worn whenever possible.

In addition, we continue our routine cleaning procedures throughout our premises to ensure it is a safe environment for our customers and staff.

We hope that these precautions do not cause any inconvenience to our customers.

We endeavour to continue offering our customers a premium service.

We thank you for your understanding.
